## Kindergarten Registration is Now Open for 2021!

School readiness occurs when children have the skills, knowledge, and attitudes necessary for success in primary school, later learning, and life. Physical, cognitive, social, and emotional development are essential ingredients of school readiness. School readiness refers not only to ready children, but to ready communities, families, and schools.

**We are ready to enroll your child! Please call Lower Campus at: 216-263-7008 to begin the registration process.**

## Are you helping your child live a healthy lifestyle?

Children need good health and physical well-being to learn. Are you setting your child up for success by helping him establish healthy habits? Answer yes or no to each question below to find out:

- \_\_\_ 1. **Do you enforce** a regular bedtime? Being well-rested will help your child focus in school.
- \_\_\_ 2. **Do you provide** breakfast for your child? Research shows that students who skip breakfast in the morning don't do as well in school as students who do eat breakfast.
- \_\_\_ 3. **Do you encourage** your child to eat nutritious snacks, including fruits and vegetables?
- \_\_\_ 4. **Do you remind** your child that smoking and substance abuse will hurt their health and ability to learn?
- \_\_\_ 5. **Do you encourage** your child to have an outlet for stress, such as exercising or writing in a journal?

How well are you doing? Each yes means you are helping your child establish healthy habits. For each no answer, try that idea in the quiz.
